1.11. Specific enrolment requirements. (PT)

Candidatos com licenciatura em finanças, gestão ou economia são elegíveis. Candidatos de outras áreas com fortes competências em matemática poderão ser admitidos após avaliação. Para calcular a nota de candidatura, foi desenvolvido um algoritmo que considera vários critérios, incluindo: conversão da média final da licenciatura do candidato para a escala portuguesa (0-20); avaliação da qualidade da instituição de origem com base nos rankings Eduniversal ou THE (top 200); consideração de até dois anos de experiência profissional, incluindo estágios ou empregos; submissão opcional dos resultados do GMAT ou GRE (não obrigatório); avaliação da proficiência linguística, sendo exigido o nível B2 em inglês; e análise da motivação e perfil do candidato, que pode incluir uma carta de motivação. Apenas os estudantes com uma nota de candidatura igual ou superior a 10 são admitidos, por ordem de mérito e de acordo com as vagas definidas.

1.11. Specific enrolment requirements. (EN)

Candidates with a bachelor's degree in finance, management, economics are eligible. Candidates from other areas with strong math skills may be admitted upon review. To calculate each student's application grade, an algorithm has been developed that considers several criteria including: conversion of the candidate's bachelor's GPA to the national Portuguese grading scale (0-20), evaluation of the quality of the candidate's school of origin based on Eduniversal or THE rankings (top 200); consideration of with up to two years of professional experience, whether international or national, including internships or jobs, optional submission of GMAT or GRE scores (not required); evaluation of language proficiency, with English proficiency at B2; consideration of motivation and profile, which may involve a motivational letter. Only Students with an application score of 10 or more are admitted, in order of merit and according to the places defined.

1.16. Observations. (PT)

Desde a última avaliação, vários avanços significativos reforçaram ainda mais o programa e a área:

- Expansão do Corpo Docente e Fortalecimento da Investigação: A Nova SBE reforçou significativamente o seu corpo docente na área de Finanças, passando de 13 membros em 2018/2019 para 22 em 2023/2024, representando um aumento de 69%. Esta expansão estratégica apoia uma menor relação estudante/docente, promovendo um maior envolvimento e orientação aos alunos.
- Cátedras: Colaborações com entidades externas permitiram o estabelecimento de cátedras, proporcionando melhores condições para académicos de renome. Destacam-se, na área de Finanças, a Cátedra BPI | Fundação la Caixa em Finanças Responsáveis, a Cátedra Haddad em Empreendedorismo, a Cátedra Novo Banco em ESG, e a Cátedra em Pagamentos e Inclusão Financeira.
- Centro de Investigação e Criação de Centros de Conhecimento: a SBE detém um Centro de Investigação avaliado pela FCT com Excelente. Para além desta estrutura, a SBE estabeleceu vários Centros de Conhecimento que promovem a investigação aplicada e fundamental, oferecendo programas de formação académica e executiva e facilitando a colaboração entre a academia, a sociedade civil, empresas e decisores públicos. Na área de Finanças, destacam-se o Finance Knowledge Center e o Data Science Knowledge Center como polos de inovação e transferência de conhecimento.
- Produção Científica e Impacto Académico: O compromisso da escola com a investigação reflete-se em mais de 20 publicações anuais em revistas de prestígio (ABS 4 e 4, e FT50). A investigação em Finanças abrange áreas como finanças corporativas, investimento institucional, fundos mútuos, modelos de avaliação de ativos, mercados de eletricidade, gestão de risco energético, risco de crédito, vendas a descoberto e imobiliário. Os docentes publicaram em revistas de topo, incluindo Journal of Finance, Journal of Corporate Finance, Journal of Financial Economics, Journal of Financial and Quantitative Analysis, Review of Finance e The Review of Financial Studies. A SBE também conseguiu captar e gerir uma prestigiada bolsa ERC na área de Finanças.
- Triple Crown Accreditation: Com a prestigiosa acreditação Triple Crown (EQUIS, AACSB e AMBA), a SBE é uma das apenas 129 escolas em todo o mundo a alcançar esta distinção. Este reconhecimento sublinha o compromisso da Escola com os mais elevados padrões de rigor académico, qualidade do corpo docente e satisfação dos estudantes, posicionando-a como líder na educação em negócios.
- Reconhecimento Internacional: Em 2024 segundo o ranking do Financial Times, a Nova SBE foi reconhecida como a melhor escola de negócios em Portugal, subindo seis posições para 18º lugar na Europa face a 2022. Adicionalmente, no ranking da Eduniversal o Mestrado em Finanças alcançou o 2.º lugar a nível europeu, consolidando ainda mais o seu estatuto como um dos melhores programas na área

1.16. Observations. (EN)

Since the last evaluation, several key advancements have further strengthened the program and area:

- Faculty Expansion and Research Strength: Nova SBE has significantly bolstered its Finance faculty, growing from 13 members in 2018/2019 to 22 in 2023/2024—an increase of 69%. This deliberate expansion supports lower student-to-faculty ratios, enhancing student engagement and mentorship.
- Endowed Chairs and Scholarships: Collaborations with external entities have facilitated the establishment of prestigious Chairs and scholarship opportunities, providing enhanced conditions for leading scholars. Noteworthy positions in Finance include the BPI | Fundação la Caixa Chair in Responsible Finance, the Haddad Chair in Entrepreneurship, the Novo Banco Chair in ESG, and the Chair in Payments and Financial Inclusion.
- Research Center and Creation of Knowledge Centers: Nova SBE has a Research Center rated as Excellent by the Portuguese Foundation for Science and Technology (FCT). In addition to this structure, Nova SBE has established several Knowledge Centers that promote applied and fundamental research, offer academic and executive training programs, and facilitate collaboration among academia, civil society, businesses, and policymakers. In the field of Finance, the *Finance Knowledge Center* and the *Data Science Knowledge Center* stand out as hubs of innovation and knowledge transfer.
- Research Output and Academic Impact: The School's commitment to research is reflected in more than 20 annual publications in prestigious journals (ABS 4 and 4*, and FT50). Finance research spans diverse areas such as corporate finance, institutional investment, mutual funds, asset pricing models, electricity markets, energy risk management, credit risk, short selling, and real estate. Faculty members have published in top-tier journals, including the Journal of Finance, Journal of Corporate Finance, Journal of Financial Economics, Journal of Financial and Quantitative Analysis, Review of Finance, and The Review of Financial Studies. SBE has successfully secured and managed a prestigious European Research Council (ERC) grant in the field of finance.
- Triple Crown Accreditation: Holding the prestigious Triple Crown accreditation (EQUIS, AACSB, and AMBA), Nova SBE is one of only 129 schools worldwide to achieve this distinction. This accolade underscores the School's commitment to the highest standards of academic rigor, faculty quality, and student satisfaction, establishing it as a leader in business education.
- International Recognition: In the 2023 Eduniversal ranking, Nova SBE was recognized as the best business school in Portugal, climbing three places to rank 21st in Europe. Additionally, the Master's in Finance achieved the 2nd position at the European level, further solidifying its status as a top program in the field.

2.5. Starting date:

31/07/2019

3. Summary of improvement measures

3. Summary of improvement measures and changes to the study programme since the previous assessment. (PT)

Na acreditação anterior, o Conselho de Administração da A3ES estabeleceu duas condições para a acreditação: a definição de 200 vagas e a publicação do plano de estudos do programa no Diário da República. Conforme verificado na secção 1.5 deste relatório, esta última condição foi cumprida.

Relativamente ao número de admissões do programa, após um pedido da Nova SBE, o Conselho de Administração da A3ES determinou, a 21 de setembro de 2020, que o número máximo de admissões poderia ser aumentado para 300. Adicionalmente, a 23 de setembro do mesmo ano, a A3ES comunicou que “não há objeção à utilização de forma integrada do número máximo de admissões definido para o Master’s in Finance (300) e do número máximo de admissões, já definido, para o International Master’s in Finance (200)”. Esta condição também foi plenamente cumprida. Acresce que as 200 vagas inicialmente aprovadas para este programa foram posteriormente aumentadas para 300 no PERA de 2022. Este aumento foi implementado para acomodar a crescente procura pelo programa e para apoiar o objetivo estratégico da instituição de proporcionar maior acesso a uma educação de alta qualidade.

Quanto ao plano de estudos, este foi atualizado para aumentar a flexibilidade e melhor alinhar-se com as mudanças no mercado de trabalho. Todos os anos, o CC aprova a lista de unidades curriculares optativas por deliberação, e esta informação é partilhada com os diferentes stakeholders através dos canais apropriados. Assim, novas unidades curriculares são regularmente introduzidas para melhorar a adaptabilidade e a capacidade de resposta às necessidades em constante evolução do mercado.

3. Summary of improvement measures and changes to the study programme since the previous assessment. (EN)

In the previous accreditation, the A3ES Board of Directors set two accreditation conditions: the establishment of 200 seats and the publication of the program’s study plan in the Diário da República. As verified in section 1.5 of this report, the latter condition has been fulfilled.

Regarding the program’s admissions quota, following a request from Nova SBE, the A3ES Board of Directors determined on September 21, 2020, that the maximum number of admissions could be increased to 300. Additionally, on September 23 of the same year, A3ES communicated that “there is no objection to using the maximum number of admissions set for the Master’s in Finance (300) and the maximum number of admissions, already set, for the International Master’s in Finance (200) in an integrated manner.” This condition has also been fully met. To clarify, the originally approved 200 seats for this program were subsequently expanded to 300 in the 2022 PERA. This increase was implemented to accommodate the growing demand for the program and to support the institution’s strategic objective of providing greater access to high-quality education.

As for the curriculum, it was updated to enhance flexibility and better align with job market changes. Each year, the Faculty Council approves the electives list through deliberation, and this information is shared with relevant parties through appropriate channels. New curricular units are therefore regularly introduced to improve adaptability and responsiveness to evolving market needs.

4. Curricular structure and study plan.

4.1. Curriculum structure

4.1 Do the curricular structure and syllabus in force correspond to those published in the Diário da República (point 1.5)?

Yes No

4.2. Will changes be made to the curriculum?

Yes No

4.6. Curriculum restructure observations

4.6. Observations. (PT)

Este programa foi concebido para proporcionar uma sólida base teórica e prática em finanças. Destinado a estudantes que aspiram a carreiras na indústria financeira, prepara os graduados para desempenharem funções em áreas como finanças corporativas, gestão de investimentos, entre outras.

Um dos destaques do programa é a sua afiliação ao CFA® Institute University Affiliation Program. Este estatuto prestigiado é atribuído a instituições cujos programas incorporam pelo menos 70% do Conteúdo Programático do Nível I do CFA®. Ao alinhar-se com o CBOK, o Master's in Finance da Nova SBE oferece aos estudantes um currículo que cobre os conceitos essenciais necessários para os exames do CFA, altamente valorizados pelos empregadores na indústria financeira. Esta afiliação não só acrescenta valor ao currículo dos estudantes, como também lhes confere uma vantagem significativa ao trabalharem para obter a designação de Chartered Financial Analyst.

O currículo inclui disciplinas obrigatórias e optativas nas áreas de Economia, Finanças, Gestão e Análise de Dados. Os estudantes podem optar por especializar-se, completando 21 ECTS em uma de duas áreas: Finanças Corporativas ou Mercados Financeiros. As especializações são opcionais, mas serão mencionadas no diploma após a graduação. Além disso, os estudantes têm a oportunidade de personalizar a sua jornada académica, selecionando disciplinas optativas que estejam alinhadas com os seus objetivos profissionais e académicos, permitindo uma experiência mais abrangente que pode exceder os 90 ECTS requeridos, alcançando até 120 ECTS em casos relevantes.

A SBE dá grande ênfase ao desenvolvimento de carreira através do módulo Mastering Your Career, um componente obrigatório do programa. Este módulo foi desenhado para orientar os estudantes na exploração de diferentes percursos profissionais, definição de objetivos de carreira e desenvolvimento de uma abordagem estratégica para as suas carreiras. Os estudantes recebem apoio na identificação dos seus pontos fortes e áreas a melhorar, fornecendo-lhes ferramentas para navegar o mercado de trabalho com confiança. O programa também inclui os Skills Accelerator Modules, especificamente concebidos para aprimorar competências profissionais críticas para o sucesso na área de finanças.

No terceiro semestre, os estudantes concluem o programa com a realização de um projeto final, que lhes permite aplicar os conhecimentos adquiridos a cenários práticos e de investigação. Existem três opções disponíveis:

- Field Lab: Os estudantes abordam um tema ou tópico aplicado específico, propondo soluções para desafios financeiros reais.*
- Directed Research Internship: Através de um estágio, os estudantes trabalham na identificação e resolução de um problema num ambiente empresarial relevante para as finanças.*
- Directed Research: Os estudantes focam-se num problema de carácter científico, conduzindo uma investigação aplicada numa área que esteja alinhada com os seus interesses.*

Submission of application | Evaluation/Accreditation of
Operating SC

4.6. Observations. (EN)

The Master's in Finance at Nova SBE is a three-semester program designed to provide a strong theoretical and practical foundation in finance. Targeted at students aiming for careers in the financial industry, this program prepares graduates for roles in corporate finance, investment management, and beyond.

One of the program's standout features is its affiliation with the CFA® Institute University Affiliation Program. This prestigious status is awarded to institutions whose programs incorporate at least 70% of the Level I CFA® Program Candidate Body of Knowledge (CBOK). By aligning with the CBOK, the Master's in Finance at Nova SBE provides students with a curriculum that covers the essential concepts needed for the CFA exams, which is highly valued by employers in the finance industry. This affiliation not only adds value to students' résumés but also gives them a significant advantage as they work toward obtaining the Chartered Financial Analyst designation—a globally recognized credential that enhances employability in top financial institutions.

The curriculum includes core courses and electives across Economics, Finance, Management, and Data Analytics. Students can choose to specialize by completing 21 ECTS in one of two areas: Corporate Finance and Financial Markets; Specializations are optional but will be noted on the degree certificate upon graduation. Students have the opportunity to tailor their academic journey by selecting optional courses that align with their professional and academic goals, allowing for a more comprehensive program that can extend beyond the required 90 ECTS, reaching up to 120 ECTS in relevant cases.

Nova SBE places a strong emphasis on career development through the Mastering Your Career module (2 ECTS), a mandatory component of the program. This module is designed to guide students in exploring various career paths, setting professional goals, and developing a strategic approach to their careers. Students receive support in identifying their strengths and areas for development, giving them the tools to navigate the job market with confidence. The program also includes Skills Accelerator Modules, which are specifically tailored to enhance professional skills that are critical for success in finance.

In the third semester, students complete their degree by undertaking a final project, which allows them to apply their acquired knowledge to practical and research-based scenarios. There are three options available:

Field Lab: Students address a specific theme or applied topic, proposing solutions to real-world financial challenges.

Directed Research Internship: Through an internship, students work on identifying and solving a problem within a business environment relevant to finance.

Directed Research: Students focus on a scientifically-oriented problem, conducting applied research in an area that aligns with their interests.

5.6. Observations. (PT)

A estratégia de desenvolvimento do corpo docente da SBE está ancorada em três pilares fundamentais: desenvolvimento pedagógico e internacionalização, recrutamento de professores e incentivos à investigação. Esta abordagem visa atrair talentos académicos de excelência, promover a aprendizagem contínua e apoiar a investigação de impacto.

Para garantir um ensino de alta qualidade, a Nova SBE enfatiza o desenvolvimento profissional contínuo, oferecendo programas de formação colaborativa e recursos de autoaperfeiçoamento. Os professores são incentivados a adquirir perspetivas globais através de licenças sabáticas, programas de mobilidade para ensino e Visiting Fellowships.

Para responder às necessidades dos programas e manter a qualidade académica, a Nova SBE expandiu estrategicamente o seu corpo docente. Esta abordagem atrai talentos diversos e fortalece a expertise interdisciplinar, enriquecendo tanto o ensino quanto os resultados de investigação.

A produtividade científica é incentivada através da redução da carga letiva para professores ativos em investigação, permitindo-lhes focar-se em Investigação. Os Knowledge Centers facilitam a colaboração interdisciplinar, interligando academia, indústria e sociedade civil. Além disso, prémios de produtividade e financiamentos anuais apoiam investigações de impacto, resultando em elevadas taxas de publicação em revistas de topo, refletindo o compromisso da SBE com a excelência académica.

Os rácios de docentes cumprem ou superam os requisitos legais, garantindo um elevado padrão de qualidade académica e estabilidade. Especificamente, 76% do corpo docente é de carreira, superando o mínimo exigido de 75%, enquanto 73% são qualificados, excedendo o limiar de 60%. Adicionalmente, 82% dos professores possuem doutoramento na área fundamental do CE, acima dos 80% exigidos. 75% dos docentes são especializados nesta área, significativamente acima do mínimo de 50%. Além disso, a estabilidade do corpo docente é mantida, com 58% dos professores de carreira com contratos superiores a três anos, e 74% estão afiliados a centros de investigação, refletindo uma forte integração em iniciativas de investigação que reforçam o rigor académico do programa.

O programa é supervisionado por Fernando Anjos, Professor Associado de Finanças. Obteve a licenciatura em Economia em 1998 pela Universidade Católica de Lisboa, um Mestrado em Finanças em 2004 pelo ISCTE Business School (Lisboa) e um doutoramento em Economia Financeira em 2008 pela Carnegie Mellon University (EUA). Anteriormente, foi Professor Auxiliar de Finanças na University of Texas at Austin (McCombs School of Business) entre 2009 e 2015 e no ISCTE Business School (2008-2009). Possui experiência profissional fora do meio académico, principalmente em estratégia e desenvolvimento de negócios (Boston Consulting Group; Portugal Telecom).

Submission of application | Evaluation/Accreditation of Operating SC

5.6. Observations. (EN)

Nova SBE's faculty development strategy is anchored in three key pillars: pedagogical development and internationalization, faculty recruitment, and research incentives, aiming to attract top academic talent, encourage continuous learning, and support impactful research.

To ensure high-quality education, Nova SBE emphasizes continuous professional development, offering collaborative training programs and self-development resources. Faculty are encouraged to gain global perspectives through Sabbatical Leave, Staff Mobility for Teaching, and Visiting Fellowships, which also enrich the curriculum with international insights.

To meet program needs and maintain academic quality, Nova SBE has strategically expanded its faculty, aligning with legal faculty-to-student ratios. This approach attracts diverse talent and strengthens interdisciplinary expertise, enhancing both education and research output.

Research productivity is encouraged through reduced teaching loads for research-active faculty, allowing them to focus on innovation. Nova SBE's Knowledge Centers facilitate interdisciplinary collaboration, connecting academia, industry, and civil society. Additionally, productivity awards and annual funding support impactful research, resulting in high publication rates in top-tier journals, reflecting Nova SBE's commitment to scholarly excellence.

The faculty ratios for the program meet or exceed the legal requirements, ensuring a high standard of academic quality and stability. Specifically, 76% of the faculty are permanent, surpassing the 75% minimum requirement, while 73% of the faculty are qualified, exceeding the 60% threshold. Additionally, 82% of the faculty members are PhDs specialized in core areas of the study cycle, well above the required 80%. Notably, 75% of the faculty are specialized in these core areas, significantly higher than the 50% minimum. Furthermore, faculty stability is maintained with 58% of the faculty having contracts exceeding three years, and 74% are affiliated with research centers, reflecting a strong integration into research initiatives that enhance the program's academic rigor and alignment with industry advancements. The program is supervised by Fernando Anjos, who is an Associate Professor of Finance at NOVA SBE. He received a B.A. in Economics in 1998 from the Catholic University in Lisbon; a Masters in Finance in 2004 from ISCTE Business School (Lisbon); and a Ph.D. in Financial Economics in 2008 from Carnegie Mellon University (USA). Fernando was previously an Assistant Professor of Finance at the University of Texas at Austin (McCombs School of Business) from 2009 through 2015; and an Assistant Professor of Finance at ISCTE Business School (2008-2009). Fernando also has non-academic work experience; mostly in strategy and business development (Boston Consulting Group; Portugal Telecom).

[no answer]

6. Technical, administrative, and management staff (if applicable)

6.1. Number and employment type of the technical, administrative and management staff allocated to the study programme. (PT)

A gestão dos ciclos de estudo é apoiada por diversos departamentos-chave: Serviços Académicos, Planeamento e Desenvolvimento Académico, Apoio ao Estudante e Gestão de Programas, Departamento de Experiência do Estudante, Mobilidade Internacional, Departamento de Qualidade, Tecnologia Educativa e Sistemas de Informação, e Biblioteca. Em conjunto, estes departamentos contam com um total de 282 colaboradores, representando um aumento significativo de 52,43% desde 2021. É importante destacar que todos os funcionários não docentes trabalham em regime de tempo integral, garantindo um apoio dedicado à comunidade académica.

6.1. Number and employment type of the technical, administrative and management staff allocated to the study programme. (EN)

The management of study cycles is supported by several key departments: Academic Services, Academic Planning and Advancement, Student Support and Program Management, the Student Experience Department, International Mobility, the Quality Department, Educational Technology and Information Systems, and the Library. Together, these departments employ a total of 282 staff members, which represents a significant 52.4% increase since 2021. Notably, all non-teaching employees are engaged in full-time positions, ensuring dedicated support for the academic community.

6.2. Qualifications of the technical, administrative, and management staff that will support the study programme. (PT)

Entre os funcionários não docentes, 85,5% possuem uma licenciatura ou grau superior, sendo que 65,6% têm uma licenciatura, 32,8% concluíram um mestrado e 1,6% possuem doutoramento. Além disso, 11% concluíram o ensino secundário e 3,6% completaram o terceiro ciclo do ensino básico.

O modelo de avaliação para o pessoal não docente enfatiza objetivos e competências, promovendo o crescimento profissional, reconhecendo o mérito e incentivando a melhoria contínua. Esta abordagem baseia-se na identificação das necessidades de formação durante as avaliações de desempenho. Os funcionários têm a oportunidade de se candidatar ao Programa de Mobilidade Internacional, que lhes permite trocar experiências e adquirir novos conhecimentos. Na SBE, o desenvolvimento profissional é encarado como uma ferramenta estratégica para promover a excelência e facilitar o crescimento pessoal e profissional. Só em 2023, registaram-se 1.023 participações em programas de formação.

6.2. Qualifications of the technical, administrative, and management staff that will support the study programme. (EN)

Among the non-teaching staff, 85.5% possess a bachelor's degree or higher, with 65.6% holding a bachelor's degree, 32.8% earning master's degrees, and 1.6% having completed PhDs. Additionally, 11% have attained a high school diploma, while 3.6% have completed the third cycle of basic education.

This approach is informed by assessments of training needs identified during performance evaluations. Staff members have the opportunity to apply for the International Mobility Program, allowing them to exchange experiences and knowledge. The evaluation model for non-teaching staff emphasizes objectives and competencies, encouraging professional growth, recognizing merit, and fostering continuous improvement. At SBE, professional development is viewed as a strategic tool for promoting excellence and facilitating personal and professional growth. In 2023 alone, there were 1,023 recorded participations in training programs.

7. Facilities, partnerships, and structures supporting the teaching and learning processes (if applicable)**7.1. Have there been significant changes in facilities and equipment since the previous assessment procedure?**

Yes No

7.1.1. If yes, provide a brief explanation and rationale for the changes made. (PT)

A aprendizagem mediada por tecnologia está a ser gradualmente implementada na SBE para complementar as metodologias ativas. Esta abordagem o estabelecimento de uma experiência de sala de aula mais digital, incorporando diversos componentes, como plataformas (Moodle, Socrative, Kahoot, Mentimeter), ferramentas de colaboração para estudantes, flipped classrooms, blended learning, suporte de design instrucional para docentes e assistência na produção de vídeos em estúdio.

A SBE realizou investimentos na melhoria da sua infraestrutura tecnológica tanto para funções de ensino como administrativas. Entre as diversas aplicações de software disponíveis na SBE estão Moodle, Eduroam, SPSS, Asense, Refinitiv Eikon, A to Z Journal Listing, B-on, Cambridge Journals, DART Europe, De Gruyter, DOAB e DOAJ. Uma mudança significativa na licença de softwares específicos dos programas, como SPSS e Stata, agora permite que os estudantes acedam a estas aplicações nos seus computadores pessoais.

7.1.1. If yes, provide a brief explanation and rationale for the changes made. (EN)

Technology-enhanced learning is gradually being implemented at Nova SBE to complement active learning methodologies. This innovative approach involves incubating and establishing a more digital classroom experience, incorporating various components such as engagement platforms for class participation (Moodle, Socrative, Kahoot, Mentimeter), collaboration tools for students, flipped classrooms, blended learning, instructional design support for faculty, studio video production assistance.

SBE has made substantial investments in enhancing its computer infrastructure for both teaching and administrative functions. Among the diverse software applications available at SBE are Moodle, Eduroam, SPSS, Asense, Refinitiv Eikon, A to Z Journal Listing, B-on, Cambridge Journals, DART Europe, De Gruyter, DOAB, and DOAJ. A significant change in the licensing of key program-specific software, such as SPSS and Stata, now allows students to access these applications on their personal computers.

7.2. Have there been significant changes in national and international partnerships relevant to the study programme since the previous assessment procedure?

Yes No

Submission of application | Evaluation/Accreditation of
Operating SC**7.2.1. If yes, provide a brief summary of those changes. (PT)**

A UNL juntou-se recentemente à rede EUTOPIA, uma aliança de universidades europeias comprometida em promover o ensino superior através de investigação colaborativa, práticas inovadoras de aprendizagem e maior mobilidade para estudantes e docentes. A missão desta rede é enfrentar desafios locais e globais, promovendo a cooperação interdisciplinar e contribuindo para o desenvolvimento de um novo modelo de ensino superior em toda a Europa.

A SBE também participa ativamente em vários projetos significativos financiados pela agência Erasmus+. Estes projetos são coordenados pela EFMD. Entre as iniciativas destacam-se o Intercambio de Expertos, o FORINT e o IMPALA.

7.2.1. If yes, provide a brief summary of those changes. (EN)

UNL has recently joined the EUTOPIA network, a alliance of European universities committed to advancing higher education through collaborative research, innovative learning practices, and increased mobility for both students and faculty. The network's mission is to tackle both local and global challenges by fostering interdisciplinary cooperation, ultimately contributing to the development of a new model for higher education across Europe.

SBE is also actively involved in several significant projects funded by the Erasmus+ agency. These projects are coordinated by the EFMD. Notable among these initiatives are Intercambio de Expertos, FORINT, and IMPALA.

7.3. Have there been significant changes in structures supporting the teaching and learning processes since the previous assessment procedure?

Yes [] No

7.3.1. If yes, provide a brief summary of those changes. (PT)

A nova equipa de Bolsas dedica-se a garantir apoio financeiro a estudantes elegíveis, tornando o ensino superior acessível àqueles que enfrentam desafios económicos.

Para promover a integração e o bem-estar dos estudantes, a Nova SBE implementou programas geridos pela equipa Life at Nova, com foco no desenvolvimento académico, pessoal e profissional. Entre as iniciativas destacam-se a "Discovery Week", destinada a facilitar a integração dos estudantes, apoio em questões de alojamento, seguro de saúde, vistos e integração, como sistemas de buddy e peer tutoring. Os Student advisors oferecem suporte personalizado. Existe também apoio específico para estudantes com necessidades educativas especiais, incluindo apoio à saúde mental e sessões individuais de psicologia.

Recentemente, a Nova SBE melhorou a experiência digital ao digitalizar processos, disponibilizar plataformas para tarefas administrativas e permitir que os estudantes agendem online reuniões com os serviços.

7.3.1. If yes, provide a brief summary of those changes. (EN)

The Scholarships and Study Funding team is dedicated to ensuring financial aid for eligible students. This support is essential for making higher education accessible for those facing financial challenges.

To promote student integration and well-being, Nova SBE has implemented programs managed by the Life at Nova team, focused on academic, personal and professional development. Key initiatives include the "Discovery Week" to help students integrate, guidance on housing, health insurance, visas, and integration programs like buddy systems and peer tutoring. Student advisors offer academic and personal support. Tailored support is provided for students with specific educational needs, including mental health support and individual psychology sessions. Recently, Nova SBE has improved the digital experience by digitizing processes, offering self-service platforms for administrative tasks, and enabling students to schedule online appointments with student services.

7.4. Have there been significant changes in internships and / or in-service training, protocols with the respective entities and guarantee of effective monitoring of students during internship since the previous assessment procedure?

Yes [] No

7.4.1. If yes, provide a brief summary of those changes. (PT)

A SBE reforçou o apoio à carreira dos estudantes de mestrado, alinhando-o com as necessidades do mercado de trabalho em constante evolução. A equipa Careers oferece orientação desde o início do programa até três anos após a graduação. O programa Mastering Your Career foca-se no autoconhecimento, na compreensão do mercado e no desenvolvimento de competências de recrutamento. Entre as iniciativas mais recentes destacam-se a Master's Discovery Week, que permite explorar opções de carreira em contacto com recrutadores e alumni, e os Corporate Links, que promovem eventos semanais de carreira com representantes de empresas. Além disso, o alargado Programa de Mentoria conecta estudantes com alumni experientes, oferecendo orientação personalizada. Novas ferramentas online, como o VMock, para revisão automatizada de CV, o GraduatesFirst, para prática de testes online, e o Goinglobal, para recursos de carreira internacional, enriquecem a preparação para a procura de emprego e entrevistas.

7.4.1. If yes, provide a brief summary of those changes. (EN)

SBE has recently enhanced career support for master's students, aligning with evolving job market needs. The Careers@Nova SBE team now offers guidance from the start of the program to three years post-graduation. The newly established Mastering Your Career program emphasizes self-awareness, market insights, and recruitment skills. Key recent initiatives include the Master's Discovery Week, where students explore career options with recruiters and alumni, and Corporate Links, which feature weekly career events with company representatives. Additionally, the expanded Mentoring Program connects students with experienced alumni for personalized guidance. New online tools like VMock for automated CV review, GraduatesFirst for online test practice, and Goinglobal for international career resources further enrich job search and interview preparation.

8. Assessment standards in the study programme.**8.1. Students enrolled in the study programme in the current academic year.****8.1.1. Total number of students enrolled.**

8.1.4. Possible additional information on student characterization. (PT)

Para o ano letivo de 24/25, o Mestrado em Finanças da SBE conta com um total de 892 estudantes matriculados. Destes, 69% são do género masculino e 31% do género feminino. A distribuição por ano revela que 502 estudantes estão no primeiro ano, enquanto 390 estão no segundo. A maioria dos novos estudantes possui formação prévia em Gestão e Negócios (67,59%), seguida por Ciências Sociais (17,6%). A faixa etária dos estudantes varia entre os 20 e os 27 anos, sendo que a maioria (84,06%) se encontra entre os 21 e os 24 anos. Em termos de nacionalidade, o corpo estudantil é predominantemente europeu, representando 94,8% do total. Os estudantes provêm de 50 países diferentes, com Portugal e Alemanha a liderarem as representações, com 43,6% e 26,6%, respetivamente. Em média, os estudantes completam o programa em 3,09 semestres, com uma nota final média de 16,4 valores. O interesse pelo programa de Mestrado em Finanças tem-se mantido elevado nos últimos anos. Para a entrada de 2024/2025, houve 1.231 candidatos para 300 vagas disponíveis. No total, foram oferecidas admissões a 457 estudantes, dos quais 435 efetivaram a matrícula no primeiro ano, refletindo a competitividade e a elevada procura pelo programa. O programa tem demonstrado uma forte eficiência académica. Em 2024, registaram-se 303 graduados, sendo que 301 concluíram o programa dentro do prazo normal. Apenas dois graduados necessitaram de um ano adicional para concluir. No geral, o Mestrado em Finanças da Nova SBE atrai um corpo estudantil diversificado e comprometido, oferece uma formação rigorosa e prepara os graduados para enfrentar com sucesso os desafios do setor financeiro.

For the 2024/2025 academic year, Nova SBE's Master's in Finance program has a total enrollment of 892 students. Of these, 69% are male, and 31% are female. The distribution by year shows that 502 students are in their first year, while 390 are in their second year. The majority of new students in this program come from backgrounds in Business and Management (67.59%), followed by Social Studies (17.6%). The age range of these students is between 20 and 27, with the most common age group being 21 to 24, representing 84.06% of the cohort. In terms of nationality, the student body is predominantly European, accounting for 94.8% of the total. Students hail from 50 different countries, with Portugal and Germany having the highest representation at 43.6% and 26.6%, respectively. On average, students complete the program in 3.09 semesters, with a final average grade of 16.4. Interest in the Master's in Finance program has remained strong over recent years. For the 2024/2025 intake, there were 1,231 applicants for 300 available spots. A total of 457 students were offered a place, and 435 first-year students enrolled. This reflects the program's competitive nature and high demand among prospective students. The program has demonstrated strong academic efficiency. In 2024, there were 303 graduates, with 301 completing the program within the standard time frame. Only a small number, two graduates, completed the program in an additional year. Overall, the Master's in Finance at Nova SBE attracts a diverse and committed student body, provides rigorous training, and prepares graduates to meet the challenges of the financial sector.

8.2. Demand for the study programme - Students

8.3.3. Data on unemployment of study programme?s graduates (PT)

Entre 2019 e 2021, apenas 1,1% dos graduados estavam desempregados, refletindo a eficácia do programa na preparação dos estudantes para o mercado de trabalho. A equipa do Careers@Nova SBE oferece orientação de carreira desde o início do programa até três anos após a graduação. A equipa promove atividades direcionadas ao desenvolvimento de carreira, como a Master's Discovery Week, que apresenta aos estudantes diferentes trajetórias profissionais e os conecta com recrutadores e alumni. Os Career Workshops abordam temas essenciais, como processos de recrutamento, informações sobre a indústria e desenvolvimento pessoal, enquanto os eventos Corporate Links permitem aos estudantes interagir diretamente com representantes de empresas.

8.3.3. Data on unemployment of study programme?s graduates (EN)

Between 2019 and 2021, only 1.1% of Nova SBE's Master's in Finance graduates were unemployed, reflecting the program's effectiveness in preparing students for the job market. The Careers@Nova SBE team plays a key role in this success by offering career guidance from the beginning of the program and up to three years after graduation. The team provides targeted career development activities, such as Master's Discovery Week, which introduces students to various career paths and connects them with recruiters and alumni. Career Workshops cover essential topics like recruitment processes, industry insights, and self-development, while Corporate Links events enable students to engage directly with company representatives.

8.4. Internationalization results.

Submission of application | Evaluation/Accreditation of
Operating SC**8.4.1. Mobility of students, teachers and technical, administrative and management staff.**

Indicator	Third-to-last year	Second-to-last year	Last year
Alunos estrangeiros matriculados no ciclo de estudos / Foreign students enrolled in the study programme	58	59	56
Alunos em programas internacionais de mobilidade (in) / Students in international mobility programs (in)	9	9	7
Alunos em programas internacionais de mobilidade (out) / Students in international mobility programs (out)	13	18	2
Docentes estrangeiros (in) / Foreign teaching staff (in)	3		2
Docentes (out) / Teaching staff (out)	6	1	2
Pessoal técnico, administrativo e de gestão estrangeiro (in) / Foreign technical, administrative and management staff (in)	1	1	3
Pessoal técnico, administrativo e de gestão (out) / Technical, administrative and management staff (out)	4	4	2

8.4.2. Participation in international networks relevant to the study programme (PT)

Desde que ingressou na rede CEMS, a SBE passou de 54 estudantes CEMS em 2009/10 para 148 em 2023/24, posicionando-se entre as quatro melhores escolas CEMS. Esta participação facilitou conexões com mais de 70 parceiros corporativos internacionais e oito grandes parceiros sociais.

A participação na rede PIM aumentou a visibilidade da SBE entre instituições de renome global e fornece informações valiosas sobre estratégias de internacionalização. A SBE teve um representante no Comité de Novos Membros entre 2019 e 2023.

Através da PRME, a SBE promove práticas educativas que incentivam abordagens empresariais sustentáveis, responsáveis e éticas, em colaboração com organizações globais como o Pacto Global da ONU, EQUIS e AACSB. Em 2021, Assumiu a presidência do Capítulo Ibérico dos PRME Champions.

A participação na GBSN contribui para o avanço da educação em gestão em países em desenvolvimento, ampliando o seu impacto através do NOVAFRICA Knowledge Center e do Data Science Knowledge Center.

8.4.2. Participation in international networks relevant to the study programme (EN)

Since joining the CEMS SBE has increased from 54 CEMS students in 2009/10 to 148 in 2023/24, positioning among the top four CEMS schools. This involvement facilitated connections with over 70 international corporate partners and 8 major social partners. SBE had a representative on the New Memberships Committee from 2019 to 2023. Participation in the PIM network enhances SBE's visibility among other renowned institutions globally and provides valuable insights into internationalization dynamics.

PRME promotes the development of educational practices that foster sustainable, responsible, and ethical business practices in collaboration with global institutions such as the UN Global Compact, EQUIS, and AACSB. In 2021, SBE became the chair of the Iberian PRME Champions Chapter.

Through GBSN, SBE contributes to the advancement of management education in developing countries, further expanding its work through the NOVAFRICA Knowledge Center, and the Data Science Knowledge Center.

8.5. Results of research and development activities and/or advanced training and high-level professional development

Submission of application | Evaluation/Accreditation of Operating SC

8.5.1. Research unit(s), of the same knowledge field or specialization area as the study programme, in which teachers develop their scientific activity.

Teacher	Mark	HEI	Type of Research Unit	No. of teachers in the integrated study cycle
Nova School of Business and Economics (NOVA SBE)	Excelente	Faculdade de Economia da Universidade Nova de Lisboa - Nova School of Business and Economics (FE/UNL)	Institutional	33

8.5.2. 8.6. Self-assessment report of the study programme prepared within the framework of the internal quality assurance system.

[RCE 202324 MSc Finance.pdf](#) | PDF | 1.7 Mb

9. SWOT analysis of the study programme and proposed improvement measures.

9.1. Global SWOT analysis of the study programme.

Submission of application | Evaluation/Accreditation of
Operating SC

9.1.1. Strengths. (PT)

Acreditação CFA: A afiliação do programa ao CFA reflete o seu alinhamento com os padrões da indústria, cobrindo mais de 70% do conteúdo programático do Nível I do CFA. Esta prestigiada acreditação aumenta a empregabilidade dos graduados, fornecendo-lhes uma base sólida em princípios financeiros e uma vantagem competitiva no mercado de trabalho.

Expansão Significativa do Corpo Docente: Desde a última avaliação, o corpo docente de Finanças cresceu substancialmente, aumentando 69%, de 13 para 22 membros. Esta expansão enfatiza o compromisso da Nova SBE em oferecer uma educação de alta qualidade e fortalecer as suas capacidades de investigação, contando com um corpo docente diversificado e internacional.

Produção Científica: O programa apoia esforços rigorosos de investigação, resultando em mais de 20 publicações anuais em revistas de topo, como Journal of Finance, Journal of Financial Economics e The Review of Financial Studies. A investigação dos docentes abrange temas-chave em finanças, incluindo precificação de ativos, finanças corporativas e risco de crédito, contribuindo significativamente para a comunidade académica e para a indústria. Além disso, o corpo docente conseguiu captar e gerir uma prestigiada bolsa de investigação do European Research Council (ERC).

Impacto Académico: A Nova SBE ampliou parcerias com organizações líderes, possibilitando a criação de prestigiadas Cátedras patrocinadas, como a BPI | Fundação la Caixa Chair in Responsible Finance, a Haddad Chair in Entrepreneurship, a Novo Banco Chair in ESG e a Chair in Payments and Financial Inclusion. Além disso, o programa é apoiado por Centros de Conhecimento interdisciplinares, como o Finance Knowledge Center e o Data Science Knowledge Center. Estes centros promovem investigação aplicada e fundamental, fomentando a colaboração entre academia, indústria e sociedade civil.

Acreditação Triple Crown: Com as creditações EQUIS, AACSB e AMBA, a Nova SBE integra um grupo seletivo de escolas de negócios reconhecidas mundialmente pela excelência no rigor académico, qualidade do corpo docente e satisfação dos estudantes. Este reconhecimento reafirma o compromisso da escola com os mais elevados padrões internacionais em educação empresarial.

Serviços de Carreira Abrangentes: O programa inclui o módulo Mastering Your Career e módulos de Skills Accelerator, que preparam os estudantes para o mercado de trabalho. Os serviços de carreira oferecem uma variedade de recursos e eventos, incluindo Corporate Links, mentoria e feiras de carreiras, aumentando a empregabilidade dos estudantes.

Procura e Seletividade: Com 1.231 candidatos para 300 vagas disponíveis em 2024/2025, o programa é altamente competitivo. Esta seletividade permite à Nova SBE admitir um corpo estudantil de alta qualidade, garantindo que os graduados estejam bem preparados para responder às exigências do setor.

9.1.1. Strengths. (EN)

CFA Accreditation: The program's CFA affiliation reflects its alignment with industry standards, covering over 70% of the CFA Level I Candidate Body of Knowledge. This prestigious accreditation enhances the employability of graduates, providing them with a solid foundation in financial principles and a competitive edge in the job market.

Significant Faculty Expansion: Since the last evaluation, the Finance faculty has grown substantially, increasing by 69%, from 13 to 22 members. This expansion emphasizes Nova SBE's commitment to delivering high-quality education and strengthening its research capabilities, with a diverse and international faculty.

Research Output: The program supports rigorous research efforts, resulting in more than 20 publications annually in top-tier journals such as the Journal of Finance, Journal of Financial Economics and The Review of Financial Studies. Faculty research covers key topics in finance, including asset pricing, corporate finance, and credit risk, contributing significantly to the academic community and industry. Our faculty has also successfully secured and managed an European Research Council (ERC) research grant.

Academic Impact: SBE has expanded partnerships with leading organizations have enabled the creation of prestigious endowed Chairs, such as the BPI | Fundação la Caixa Chair in Responsible Finance, the Haddad Chair in Entrepreneurship, the Novo Banco Chair in ESG and the Chair in Payments and Financial Inclusion. Lastly, the program is supported by interdisciplinary Knowledge Centers, such as the Finance Knowledge Center and the Data Science Knowledge Center. These centers foster both applied and fundamental research, promoting collaboration among academia, industry, and civil society.

Triple Crown Accreditation: Holding EQUIS, AACSB, and AMBA accreditations, Nova SBE joins a select group of business schools worldwide recognized for their excellence in academic rigor, faculty quality, and student satisfaction. This status affirms the school's commitment to meeting the highest international standards in business education.

Comprehensive Career Services: The program includes the Mastering Your Career module and Skills Accelerator modules, preparing students for the job market. Career services offer a variety of resources and events, including corporate links, mentoring, and career fairs, which enhance students' employability.

Demand and Selectivity: With 1,231 applicants for 300 available places in 2024/2025, the program is highly competitive. The selectivity allows Nova SBE to admit a high-caliber student body, ensuring that graduates are well-prepared to meet industry demands.

Submission of application | Evaluation/Accreditation of
Operating SC**9.1.2. Weaknesses. (PT)**

Representação Limitada de Estudantes Não Europeus: Embora o programa atraia um número significativo de estudantes internacionais, a maioria provém da Europa. Expandir os esforços de recrutamento para regiões fora da Europa poderia enriquecer a experiência em sala de aula com perspectivas mais diversificadas.

Alta Competição por Recursos: Com a expansão do corpo docente, manter uma proporção favorável entre docentes e estudantes é essencial para assegurar a qualidade do ensino e da mentoria.

9.1.2. Weaknesses. (EN)

Limited Non-European Representation: While the program attracts a significant number of international students, they are primarily from Europe. Expanding recruitment efforts to non-European regions could enrich the classroom experience with diverse perspectives.

High Competition for Resources: With the expansion of the faculty, maintaining a favorable faculty-to-student ratio is essential to ensuring quality teaching and mentorship.

9.1.3. Opportunities. (PT)

Expansão de Parcerias Globais: Com colaborações já existentes, como a Cátedra BPI | Fundação la Caixa em Finanças Responsáveis, o programa está bem posicionado para ampliar suas parcerias com instituições financeiras e universidades internacionais. Estas parcerias podem oferecer aos estudantes oportunidades adicionais de programas de intercâmbio, estágios e investigação.

Crescimento do Interesse em Finanças Sustentáveis: O programa pode aproveitar a crescente procura por especialistas em finanças sustentáveis. Ao integrar mais conteúdos sobre princípios ESG (Ambiental, Social e Governança), o programa pode atrair estudantes interessados nesta área em expansão.

Aumento da Procura por Competências em Finanças Digitais: O crescimento do fintech e das finanças digitais abre novas oportunidades para a expansão curricular. A adição de disciplinas específicas pode aumentar a relevância e o apelo do programa para estudantes e empregadores.

9.1.3. Opportunities. (EN)

Expanding Global Partnerships: With existing collaborations, such as the BPI | Fundação la Caixa Chair in Responsible Finance, the program is well-positioned to expand its partnerships with global financial institutions and universities. These partnerships could offer students additional exchange programs, internships, and research opportunities.

Growing Interest in Sustainable Finance: The program can leverage the increasing demand for expertise in sustainable finance. By integrating more content on ESG (Environmental, Social, and Governance) principles, the program can attract students interested in this burgeoning field.

Increasing Demand for Digital Finance Skills: The rise of fintech and digital finance opens avenues for curriculum expansion. Adding courses could enhance the program's relevance and appeal to prospective students and employers.

9.1.4. Threats. (PT)

Concorrência Intensa de Escolas de Negócios Globais: Com um mercado educacional global em rápida evolução, o programa enfrenta concorrência de outras escolas de negócios de topo, que atualizam constantemente as suas ofertas. Será necessária inovação contínua para manter o apelo e a competitividade do programa.

Incertezas Económicas e Políticas: Crises económicas, instabilidade política e mudanças nas políticas de vistos podem impactar a inscrição de estudantes internacionais, afetando a estabilidade financeira e a diversidade do programa.

Mudanças na Indústria Financeira: O setor financeiro está a passar por transformações significativas devido a alterações regulatórias, avanços tecnológicos e mudanças nas preferências dos consumidores. Adaptar o currículo para se manter relevante e alinhado com as necessidades do mercado é crucial para garantir a empregabilidade dos graduados.

9.1.4. Threats. (EN)

Intense Competition from Global Business Schools: With a rapidly evolving global education market, the program faces competition from other top-tier business schools, which are constantly updating their offerings. Continuous innovation will be necessary to maintain the program's appeal.

Economic and Political Uncertainties: Economic downturns, political instability, and changing visa policies could impact the enrollment of international students, affecting the program's financial stability and diversity.

Shifts in the Finance Industry: The finance sector is undergoing significant changes due to regulatory adjustments, technological advancements, and shifting consumer preferences. Adapting the curriculum to remain relevant and aligned with industry needs is crucial to maintaining graduate employability.

9.2. Proposed improvement measures.**9.2.1. Improvement measures. (PT)***1. Diversificar o Recrutamento de Estudantes para Aumentar a Representação Não-Europeia*

Expandir esforços de marketing e recrutamento para regiões além da Europa, particularmente Ásia e Américas. Desenvolver parcerias com universidades e instituições financeiras nessas regiões para atrair um corpo estudantil globalmente mais diversificado.

2. Integrar Conteúdos de Finanças Sustentáveis e Digitais

Adicionar conteúdos focados em princípios ESG, finanças digitais, blockchain e tecnologias financeiras. Colaborar com parceiros da indústria para garantir a relevância do conteúdo e proporcionar aplicações práticas.

3. Expandir Opções de Bolsas e Financiamento

Desenvolver parcerias e explorar fontes de financiamento para aumentar o número de bolsas disponíveis para os estudantes.

9.2.1. Improvement measures. (EN)

1. Diversify Student Recruitment to Increase Non-European Representation: Expand marketing and recruitment efforts to target regions beyond Europe, particularly Asia and the Americas. Develop partnerships with universities and financial institutions in these regions to attract a more globally diverse student body.

2. Integrate Sustainable and Digital Finance Contents: Add content focusing on ESG principles, digital finance, blockchain, and financial technologies. Collaborate with industry partners to ensure the relevance of course content and provide real-world applications.

3. Expand Scholarship and Funding Options

Develop partnerships and explore funding sources to increase scholarships for students.

9.2.2. Priority (high, medium, low) and time to implement each measure. (PT)

1. Prioridade alta. Implementação em 12 a 18 meses.

2. Prioridade alta. Implementação em 12 meses.

3. Prioridade: Alta. Implementação em 1–2 anos.

9.2.2. Priority (high, medium, low) and time to implement each measure. (EN)

1. High priority. Implement within 12-18 months.

2. High priority. Implement within 12 months.

Priority: High Implement within 1-2 years.

9.2.3. Implementation indicator(s). (PT)

1.

Aumento de pelo menos 20% no número de estudantes não-europeus matriculados nos próximos dois ciclos académicos. Número de novas parcerias estabelecidas na Ásia e Américas.

2.

Inclusão de pelo menos dois conteúdos sobre finanças sustentáveis e digitais em dois cursos. Parcerias com pelo menos duas empresas ou instituições financeiras nas áreas de finanças digitais ou ESG.

3.

Número de novas bolsas criadas.

Total de financiamento obtido.

Participação de estudantes em programas de apoio e divulgação.

9.2.3. Implementation indicator(s). (EN)

1.

*Increase in the number of non-European students enrolled by at least 20% over the next two academic cycles.
Number of new partnerships established in Asia and the Americas.*

2.

*Addition of at least contents on sustainable and digital finance in two courses
Partnerships with at least two companies or financial institutions in the digital finance or ESG space.*

3.

*Number of new scholarships
Total funding secured
Student participation in outreach programs*
